1. Which of these items can be recycled?

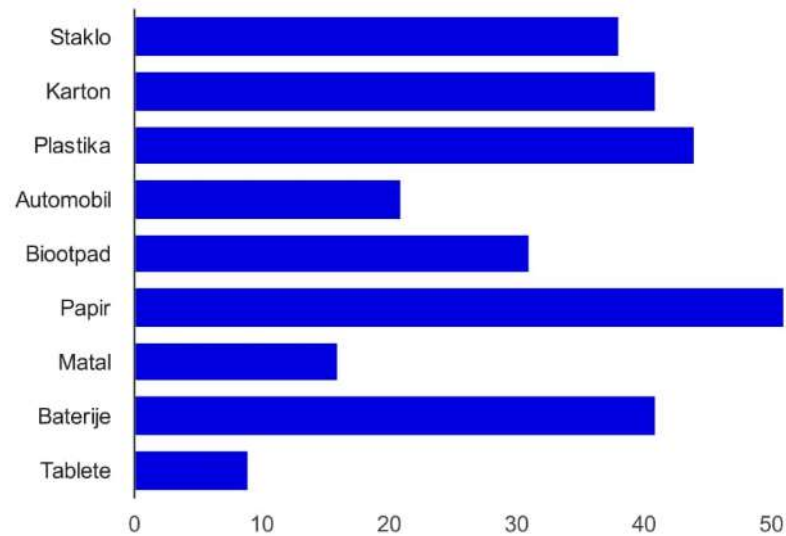

1. Koji se od ponuđenih predmeta mogu reciklirati?

Final Questionnaire

1. Which of these items can be recycled?

1. Koji se od ponuđenih predmeta mogu reciklirati?

World Water Day

Celebration – hydrological measures

- Cooperation of 3 elementary schools
- Cooperation of the Globe program and the Erasmus + project „Researching from the school library to improve the environment“
- Hydrological station on the Sava – pupils showed their peers how hydrological measures are measured

Recycling Presentation

Mario Miličić – an expert

- Different types of waste – most of it can be recycled and reused
- 50 tons of resources used yearly and only 2 tons are recycled
- Waste can be recycled into products, materials and it can even be reused as fuel
- ZERO WASTE! – waste is a renewable source of materials and energy

Visit to a Recycling Centre

Jackob Becker – Recycling centre in Slavonski Brod

- 20th April – 7 pupils

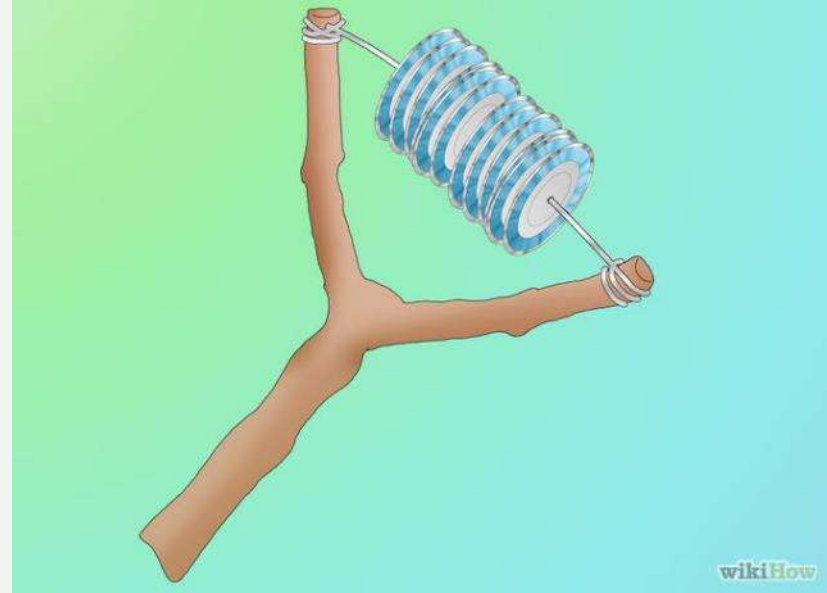

Musical Instruments

Making and materials

- 5th graders
- Materials:
 - scotch tape
 - rice
 - cardboard
